

Bergen - From Fjords to Trolls - Private Tour

The tour starts in Bergen, from where you'll be taken on a scenic drive towards Hardangerfjord. Before reaching the fjord itself, you'll discover the beauty of local waterfalls.

The first one, Mørkhølen Fossen Waterfall, is located near the Mørkhølen bridge, an arched stone bridge built in the 19th century. After taking in the unique atmosphere of this place, your journey continues in the direction of Bratte Fossen Waterfall, just a 5-minute drive from Mørkhølen. The unique Bratte Fossen, or the "Bridal Veil", thunders down with an incredible 80 meters fall. The third waterfall, Steinsdalsfossen, is an adventure itself. It allows you to walk behind the stream and admire its majestic power from another perspective.

Later on, after a short bus ride, you'll get off in the picturesque town of Norheimsund, heart of Kvam municipality. Here you can admire this town's charm and take some memorable photos of your first encounter with Hardangerfjord.

From Norheimsund, you'll be taken on a spectacular drive along the north shore of Hardangerfjord, traversing one of Norway's renowned 18 Scenic Roads, known as "Nasjonale turistveger"). Along the way, you'll make several stops to appreciate the natural beauty of the fjord and its surroundings, with its calm waters, green mountains and traditional buildings.

After driving through the village of Granvin, you'll conclude the day in the same way as you started it - with a waterfall. Skjervsfossen waterfall, the waterfall with the highest fall of the day - 150 meters, always offers a special experience, influenced by the amount of snow remaining on the mountain peaks.

Later a comfortable bus ride of approximately one hour and 50 minutes will take you back to the meeting point in Bergen.
